WEEKLY REPORT

Work done in last Two week:

- Learnt various libraries of Python.
- Search for Resources to understand Sentiment.
- Learnt Jupyter Notebook.
- In this period, we discussed our problem statement with our Internal Guide where the response from them was quite positive.

Plans for next Two week:

- Decided flow of Project
- Analyze tools required for developing Project
- Searched for existing similar Project
- Learnt drawbacks of similar Project
- Analyze Machine Learning Model from Kaggle
- We are planning to prepare a software requirement specification documentation.
